

Scheer-ly Important News

2nd Grade

May 13, 2010—Last Edition

What happened this week: We had a great time at Village Hall today. The class participated in a mock city council meeting and walked inside the water tower. Ask them about the day! A big thank you goes out to Dawn Lakenburgs and Jerry Kohnen.

Looking ahead to next week:

Name of story: NO STORY next week!

Math: Saxon math-getting ready for 3rd grade

Science: Illinois

Social Studies: landmarks

Important dates to remember:

May 17th: A.R. Picnic in the park

May 18th: Field Trip to Magic House and Science Center

May 20th: Clean-up Day—please bring a paper sack

May 21st: Field Day-dismiss at 1:30

May 24th: Last Day—dismiss at 8:45

Our big field trip is coming up next Tuesday. We will need to leave promptly at 8:15 that morning. A reminder will go home on Monday.

This will be the last newsletter of the year! Wow-what a quick year this has been and I sure have enjoyed each day. Please check the above dates to see what is happening each day next week.

We will be finishing our year by working on a few maps next week. We will learn about Illinois and famous landmarks across the United States.

I am hoping that ALL second graders continue to read this summer. The Sylvan Learning Center promotes a website called: www.bookadventure.com . This is an excellent site that offers a book list and quizzes that go along with each book. It is very much like our A.R. program and even offers prizes. Please check into it with your child.

It has been a terrific year with this class. I feel like we have grown in many ways. I hope to see many of you around town this summer. I may show up at the ball park or I may see you in the library! Please say "Hello" if you see me around. Keep up the good work at home!
