G-Town Math

Math 6M

Mr. Albers

Book #

Math 6M

- **Materials:**

Textbook: Glencoe, Course 1 (Red)

PENCILS! Must use Pencils

Protractor and Compass Late in Year

Spiral Notebook

- **How Math Class Works:**

be on time

correct yesterday's assignment

record in Homework Card provided

use notebook and pencil to take notes for the day's lesson

ask questions about day's lesson

do practice problems

if time permitting, begin homework assignment

- **Homework:**

Practice and Applications & Standardized Test Practice and Mixed Review Sections in Textbook—even problems (show ALL work)

All homework will be posted on Mr. Albers website **AND** in the classroom **AND** the school's website.

- **Assessment:**

Chapter Test: Form 1 Each test score will be assessed separately. A Pre-test (Form 3) will be sent home the day before the Chapter Test and will be considered a homework assignment.

There will be approximately 5 quizzes per quarter. Quizzes will consist of Practice Sheets throughout the chapters.

Notebook Quiz— a quiz that stresses notebook organization

Homework Assignments

- **ON-LINE GRADING:**

Test Scores= 50%

Quizzes=30%

Homework=20%

- **Extra Activities**

Kryptos-manipulating numbers using the four operations of Math

- **30 Minute Rule:**

No student is expected to work more than 30 minutes on math homework (AT HOME) on any given evening. If a student fails to complete the homework assignment because it took more than 30 minutes, there will be NO penalty assessed to that student. I do expect students to work diligently during the 30 minutes. There should be no TV or other "breaks" during this time.

MY OATH:

I promise as your Math teacher to do my best in explaining the subject matter that I feel is necessary for you to know in order for you to advance with your Math education. I will also use my spare time (lunch, study hall, and after school when possible) for you if you do not understand a lesson or you were absent!

YOUR OATH:

You promise to do **all** of your assignment. You promise to show all your work. You promise to ask questions when appropriate. You promise to use a pencil. You promise to listen in class. You promise to look forward to going to Math Class and enjoy the class.
