

JUNIOR HIGH JAZZ

We've got

#GOALS

GERMANTOWN ELEMENTARY 2019-2020

Son's Stanza

5th, 6th, and 7th Grade Math:

7th Grade Students: *Students will continue working on 7.EE.1 which is add, subtract, and factor linear expressions.*

6th Grade Students: *Students will be working on 6.NS.7 and 8, which involves absolute value and the coordinate plane.*

5th Grade Students: *Students will be working on multiplying multi-digit numbers using multiple strategies. They have will have a test on Tuesday Oct 22.*

LEGO Robotics: *Lego robotics will only meet next week on Monday October 21st due to parent teacher conferences.*

The “Weekley” Bark from the former Ms. Clark

8th grade math: The students will continue learning how to solve multi-step equations and determine how many solutions an equation has. (8.EE.7) There is a possible quiz this week.

8th Study Island: The first study island goal should be completed for second quarter!

Algebra: Students will wrap up learning chapter 5 concepts with an assessment on Monday. We will jump into chapter 6 concepts which include solving systems of equations using 3 strategies.

Eversgerd's "Werds"

5th ELA: We will start our block with bellwork. This will be something new, so be ready for a new warm up. These will be graded on Thursday. We will also continue working on our flipbooks. As for literature, we will move on to main idea. To practice this, we have Halloween texts that need us to find the main ideas.

6th ELA: We will warm up with DOL week 5. This quiz will be on Thursday. We are going to do some writing this week. Please be prepared to use your creativity. During our literature time, we will have an assessment on our standard RL.6.5 using "Exploring the Titanic". This assessment will take place on Tuesday. Make sure you have your copies of your story. As for Wednesday and Thursday, we will work with Halloween texts and use standards that we've covered up until this point.

Conner's Column

7th ELA- Our week will begin with "Article of the Week" that focuses on standards RI.7.1-7.4. We will continue reading Wonder and will define new words using context clues. We will continue discussing types of sentences this week, which focuses on standard L.1 and L.2.

8th ELA- Our week will begin with an "Article of the Week" that focuses on standards RI.8.1-8.4. We will continue reading Stargirl this week and will be creating motivational cards, just like a character in the book. We will continue discussing types of sentences, fragments, and run ons. We will continue working on our narratives from a character perspective and focusing on theme development. Standards this week focus around RL.2, RL.4, RL.6, L.1, and L.2.

Way Back When With Mr. Glynn

5th–The students will be analyzing different regions and tribes looking for similarities and differences in how they utilized their resources(G.2.5).

6th– The students will be discovering some of the Egyptian inventions. Students will also need to bring in a SMALL Pringles can to use for an experiment (CV.2.6).

7th–This week will we start to examine the Executive Branch of the US Government (SS.CV.4).

8th– The students will start to study Jefferson's Presidency and how he interpreted the Constitution (H.1.6).

The Rock Cycle – It's all Relative with Rakers

5th– *We will start our final outside experiment (weather permitting) involving kickball. We will also be working on a Motion & Stability Unit (5-PS-2)*

6th– *Next week we will take a whiteboard quiz over the relationships of the Sun, Earth, and Moon. (MS-ESS1-1)*

7th– *Next week we will start creating a comparison poster of plant/animal cells to businesses/companies. (MS-LS1-2)*

8th– *Next week will get into our Chemistry Unit and start understanding how elements combine to create molecules/compounds. (MS-PS1-5)*

The Band Played On!

Concert Band is going well. Most students are starting to play all three Christmas songs. Once again, some of the 5th grade students are going to need to work a little harder in order to play this more difficult music.

The Jazz Band students have their Christmas music. I asked the students to take a look at the 2 new pieces before rehearsal on Thursday & only 4 practiced. Of course they received a positive dojo. Please remind your child to practice their parts at home. (Every person has a different part for each song.)

Thanks to Leigh Ann & LaDawn for counting & getting the pie order together.

The field trip is almost finalized. As of right now Julie Musenbrock & LaDawn Gebke will be going. I may have room for one or 2 more but I will let you know next week.

Nov. 11th - Parade & Fall Party! The Fall band party will be from 3 to 5pm. We will need a parent to pick up the pizza from Casey's in Albers. Chrystalyn Huegen has signed up to purchase the soda.

SHAPIN' UP WITH SHUBERT

We finished the push-up test and PACER test this week. Great job by everyone. We will do any make-ups next week and also complete the sit-up test. If we can get outside, we will be playing soccer.

Please have your student bring their uniform home to wash:) Good hygiene is a part of personal health.

I have also told the classes that gum or candy is not allowed in PE. I know in other classes they may receive candy/gum or be allowed to have it. PE is a class where safety is a high priority and we cannot have things in our mouth. If you have questions, please let me know.
