

JUNIOR HIGH JAZZ

We've got

#GOALS

GERMANTOWN ELEMENTARY 2019-2020

Son's Stanza

6th and 7th Grade Math:

7th Grade Students: Students will continue to spiral, enrich, and prove mastery of content from their 7th grade ratio and proportion unit through mid-week. We will then place the same emphasis on our algebra unit.

6th Grade Students: Students will continue to spiral, enrich, and prove mastery of content from their 6th grade algebra unit through mid week. We will then place the same emphasis on our statistical unit.

LEGO Robotics Club: We will meet after school until 4:30 pm on Wednesday March 18th. Per students request, I can stay an hour after school on most days of the week if students would like extra time to work.

The "Weekley" Bark from the former Ms. Clark

8th grade math: Students will begin constructing and interpreting two-way tables. (8.SP.3, 4) There will be a classwork grade on two-way tables this week. Additionally, students will be participating in a variety of review activities.

8th Study Island: Keep track of the due dates as they're given out!

Algebra: Students will begin solving a multitude of rational equations (Chapter 11). We will also be participating in a variety of review activities.

Pi Day: Pi Day was a success! Thank you for the pie donations! The students enjoyed them!

Eversgerd's "Werds"

March 16-20

5th ELA: We will warm up each day with DOL week 12. The quiz will be Friday. As for the rest of the period we will participate in various review activities of our standards. We will continue reading Maniac Magee by Jerry Spinelli. We will cover chapters 14-22 over the week. Continue putting in that effort into your jobs each day.

6th ELA: We will warm up each day with two spelling lessons. 10 words will be quizzed on Friday. As for the rest of the period we will participate in various review activities of our standards. As for literature, we will finish reading our group novels and take the AR test on Friday. I am extremely proud of how well the kiddos are doing during this group project. They are putting lots of effort into their jobs each day!!

Conner's Column

7th ELA- We are working on essay format and writing a theme essay and a compare and contrast essay over our novel. RL.2-4, W.2,7. We are also reviewing for IAR Testing.

8th ELA-We will continue working on our research unit over the Holocaust. This project involves research skills, writing an essay, creating a poster, and a presentation. We will work on this all week. RI.1-7, L.2, W.7-9, SL. We are also reviewing for IAR Testing.

Way Back When With Mr. Glynn

5th–This week we will be studying the challenges our Founding Fathers faced when we gained our independence (H.1.5).

6th– This week we will be reviewing our unit on Ancient China and preparing for an assessment that should be on Thursday or Friday(SL.6.1).

7th–This week we will be starting our unit on colonial America (H.2.7).

8th– This week we should finish up our unit on WWI. I am anticipating an assessment on Thursday or Friday(H.3.8).

The Rock Cycle – It's all Relative with Rakers

5th– *We will look into why our seasons change, why we have time changes, and why our shadows change shape. (5-ESS1-2)*

6th– *We will be testing over plate tectonics, earthquakes, and volcanoes next week. We will prepare for the test using whiteboards. (MS-ESS2-3)*

7th– *We talked a lot about the Coronavirus this week as well as how viruses mutate. (MS-LS3-1) Next week we will discuss Genetic variations.*

8th– *Next week we plan to present our Proposals to influential members of the community. (MS-ESS3-3)*

The Band Played On

Our performance time for Organizational Contest on April 3rd is 4:00p.m. We have 3 songs that we are preparing for this event. EACH & EVERY student needs to know how to play their part in each of the 3 pieces. Many students still need a lot of practice. Please encourage your child to work on these pieces like they did their solo. It will help out our band tremendously.

Full BAND CONTEST is the evening of FRIDAY, APRIL 3rd.
STATE BAND CONTEST is Saturday, April 25th.
Spring Concert is Wednesday, May 6th at 7:00pm.

The **BUTTER BRAIDS** fundraiser is going very well. Leigh Ann reports that we have sold enough that we have already made \$1800 so far. We have one more week to sell so make sure you ask your family & friends. We would prefer that you order online but we will take paper orders. If you're having trouble with the online orders please contact Leigh Ann Arentsen in the School office.

Let's stay focused & keep working hard for our April 3rd contest!

Proud to be a BULLDOG BAND MEMBER!!!!!!

SHAPIN' UP WITH SHUBERT

I am working on getting First Aid/CPR scheduled for the junior high grades. When I know more, information will be made available.

When we can get outside for class, we will. Please come prepared with uniform and sweatshirt/sweatpants. Also, testing begins next week, please be considerate of classes in the lab when coming to/going from PE in the hallway. Thanks in advance.

With the 4th quarter beginning, please note that rules have not changed and uniforms are expected everyday as well as good behaviors in class. I know it gets a little crazy with schedules, field trips and testing at the end of the year but please know that students are graded on behavior/attitude everyday.

A huge THANK YOU to everyone who donated to Kids Heart Challenge. We raised just over \$2000, which is a great improvement over last year!

The Hempen Herald

Next week the students will engage in many hands-on activities reviewing each of the 5th grade standards.

All year long the students track the standards and skills they struggle with and the ones they excel in. After we do a brief review on each of the standards, the students will get to work on their personal goals. I will have individual activities ready to go including videos and tasks that pertain to the skills the students feel they personally need to work on the most.

As a whole, the kids struggled with multiplying and dividing decimals this week so any extra practice on study island would be extremely helpful! (Even if it is only 3-5 questions each night!) Any practice on the “volume” sections of study island would also be beneficial.
