#DREAM

BIG

MAY 3-7

Remember Earth Day is Friday, May 7

[Earth Day permission form](#)

The Weekly Crumbs

What's Cracking with Mrs. Graham

5th Grade Math: Students will be wrapping up line plots (standard 5.MD.2). There will be an assessment this week. After the assessment, students will begin learning volume (standards 5.MD.3-4).

6th Grade Math: Students will be wrapping up standard 6.G.4 which includes surface area. There will be an assessment this week. After the assessment, students will begin statistical questions and data distribution (standards 6.SP.1-2).

7th Grade Math: Students will be IAR testing Monday through Wednesday morning this week. With testing, students will not have math class until Thursday. They will still have a Study Island goal due Thursday.

Study Island: Make sure to keep track of due dates.

The "Weekley" Bark from the former Ms. Clark

8th grade math: Students have been learning about volume of cylinders, cones, and spheres. They will have a quiz over volume on Monday 4/26.

8th Study Island: Keep track of due dates! The master copy is hanging in the classroom for you to see at all times! 8th Math, SI: Volume is due Tuesday 4/27.

Algebra: Students are working on simplifying rational expressions through division, multiplication, addition and subtraction. They will have a unit test over this on Wednesday 4/28.

The students are asked to wear their house t-shirt to school on Monday.

Eversgerd's "Werds"

5th ELA: Our warm up this week will be DOL week 12. There will be an assessment on Thursday. This week we focus on the one-page culminating activity I have planned for Maniac Magee. We will do this project instead of having an "end of novel" assessment. Please have your book and any materials you want to use for coloring.

6th ELA: Since I only have you once a day this week, there will be no warm-up. Our main focus this week will be reading chapters 6-9 of Where the Red Fern Grows. There will be a journal page after every chapter. Make sure to bring your novel everyday to class.

Remember, Friday is Earth Day!

Conner's Column

7th ELA- We will continue reading our novel projects books and/or working on projects. We will analyze and write newspaper articles, W.2. Students will read nonfiction texts.

8th ELA- We will continue essay writing this week, as well as end of the year writing, W.2.L.

***Novel project #2 due May 7**

***Novel project 3 and 4 (8th only) due May 10**

Way Back When With Mr. Glynn

5th- Next week we will be starting to discuss the Industrial Revolution and the impact of technological advancements.

6th- Next week we will be starting our unit on Ancient Rome.

7th- Next week we'll be continuing our News Channel project. Students will be covering the Causes of the American Revolution from the Colonial side and the British side.

8th- Next week we will be starting our unit on WWII.

The Rock Cycle – It's all Relative with Rakers

5th- Next week we will start actually performing experiments, just a few more boxes to check off.

6th- Next week we will be completing experiment creations to perform outside to complete the school year.

7th- Next week we will begin focusing on the vertebrates, starting with fish.

8th- Next week we will continue working on our "Science Day" Demonstrations. The scientific concepts, poster, and video are due next week.

The Band Played On

The Band & Chorus Spring Concert is Thursday, May 13th at 7:00pm in the School gym. The concert will be live streamed but we do invite 2 family members for each musician to attend the concert in person.

We are still waiting on our Summer Parade schedule. I will announce the exact dates & time for Summer Band as soon as I receive word on the schedule of parades. Meanwhile we will be presenting our 2021 Marching song at the end of our Spring concert. I do plan to have a Band parent meeting to talk about the end of the school year & what Summer may look like. This date will be scheduled in the next few weeks..

The Concert Band, Jazz Band & lesson schedule will continue to change next week because of IAR testing. All students should have a copy of this schedule in their band folder. Please post this schedule at home so you know when your child needs their instrument at school. There will also be a different schedule for the week of the concert. Stay tuned for that schedule.

“Playing music is like learning a 2nd language.”

SHAPIN' UP WITH SHUBERT

One more week of the testing schedule. Keep working hard and doing your best. The temps look great next week, so we will be outside as much as possible. Please make sure you have your water bottle and tennis shoes for PE every day.

As much as I want to be outside, the doctors want me to limit sun exposure as well as heat and wind. All of those things combined leave me dehydrated and at risk for exhaustion. I need to stay healthy to ensure surgery can happen. Please bear with me a few weeks longer if I need to stay inside on some days.

Have a great weekend!

Next Week's Testing Schedule

Illinois Assessment of Readiness

Monday, May 3

3rd Grade	4th Grade	5th Grade	6th Grade	7th Grade	8th Grade
				8:35-10:20 Math 1	

Tuesday, May 4
